Email:	**bhatsupshubham@gmail.com**

- **IT (Year 3) on a cybersecurity mission! Equipped with C++, Python, Java, and a strong foundation in MySQL database management, I recently aced Google's Cybersecurity Fundamentals Course By Coursera. Eager to bridge the gap between classroom knowledge and real-world application through projects. I'm passionate about the field and excited to learn from experienced professionals.**

SKILLS

Cyber Security-Risk Analysis, Malware Analysis, Network Security, Network Administration, Security Audits, Security Management, Virtual Private Network (VPN), Root Cause Analysis

Languages- Python Programming Language, C++, Java, SQL,C Programming Language,

Miscellaneous-Linux, Database Management System (DBMS), Firewalls, IT, NIST Cybersecurity Framework, Communication, Information Security, Ethics.
